## OTHER

### **Congestion in Singapore (Space & Equipment Issues)**

Please note that there continues to be issues in tranship ports due to congestion and lack of available sailings, equipment and space. Singapore is suffering the worst of the delays at about 4-6 weeks, so for vessels going to Perth this may be a real issue where there is no options but to tranship.

We are doing everything we can to minimise the impact on our clients but where there is no option but to tranship our hands are tied. Sometimes it is taking 4-6 weeks just to get space on vessels so this is an extremely stressful time for everyone and I ask our clients to try and maintain patience and know we are trying to do everything we can.

Note also that Golden Week is coming up and this will also contribute to more issues. Please don't hesitate to contact us on 1300 786 468 for further information.

### **China National Day & Mid Autumn Festival**

China and Hong Kong will have their annual National Day and Mid Autumn Festival Holiday from:

- 1st of October till 8th of October

Normal operations will resume on the 9th of October. It is expected that space ex China will tighten in the lead up to this holiday period.

### **Limited Spacing Brazil**

We would like to inform you the situation in Brazil about the limited space with carriers to export shipments. Due the increase of the shipments from Brazil to many countries plus several rains in some regions, certain ports left a lot of cargoes (around 22.000 containers) ready to load at the terminal floor.

If you have business with Brazil we advise you to request your quote as soon as you can.

### **DP World Brisbane Systems Update**

The terminal will be closed between 1000-1300 Monday 25/09/17 for a terminal operating system update. Gates will be shut from 1000-1300. Please manifest outside of these hours.

---

## Customer Feedback

If you have any issues you would like to resolve or feedback in general good, or bad, please send an email to [feedback@stockwells.com.au](mailto:feedback@stockwells.com.au). This goes directly to Angela Gambell (Director) for immediate action
